Why Attend Courses at FibreClean

IICRC Certified - Courses hosted by FibreClean are certified by thecleantrust (Formerly IICRC). FibreClean only uses IICRC Approved instructors to teach our classes.

Staff Have Taken Courses - We know the courses are great because we have attended them. All FibreClean staff take the certified courses and many have gained their Masters designations.

FAP - Frequent Attendee Program - Attend 5 thecleantrust (formally IICRC) approved courses and you get the 6th course FREE. No group registration, we will track your courses for you. (Some restrictions apply)

FibrePoints - Earn rewards while you go to class. For every dollar you spend on courses you will receive 10 points. You can also redeem your points for course fees.

Hands On - We have plenty of room for hands-on experiences.

Free Lunch - You will receive a free lunch every day you are in a FibreClean hosted course.

Show Room - You can see, feel and demo equipment in our showrooms.

Experience - FibreClean has been hosting thecleantrust (formally IICRC) courses since opening our doors in 1978.

Instructor: Pat Dooley

Pat Dooley has been involved in the Restoration industry for over 30 years, owning a restoration company with 8 locations throughout British Columbia, then as Director of Restoration Development and IICRC training for Stanley Steemer.

Pat has been involved in Catastrophic Loss Management for all hurricanes and major flooding in North America to date, including Florida's Hurricane Andrew in 1992, the 4 Florida hurricanes in 2004, and New Orleans' Hurricane Katrina in 2005.

Pat became a lead instructor for Dri-Eaz Products in 1999, writing and teaching the first Applied Structural Drying course offered. He then founded Restoration College, averaging 75 schools per year for restorers and insurance adjusters throughout Canada and the U.S. He is currently the only Canadian IICRC-approved restoration instructor with field experience.

As a Voluntary Committee Member of the IICRC, Pat participated in rewriting the new S500 Water Damage Standards section on Large Loss Drying.

Today Pat continues to teach, write articles, manage catastrophic losses with his company, Drytech International, as well as providing expert witness testimony in legal disputes involving the restoration industry. He is a keynote speaker at many conferences including the Canadian Adjusters Association, and is a consultant and trainer to the Insurance industry.

APPROVED COURSES

IICRC owns no schools and produces no training materials. However, the IICRC does recognize established schools throughout the nation that meet specific standards of certification.

Anyone attending these schools has the option at the end of the course to take an IICRC Certification Examination.

That examination, along with proper application and fees, is forwarded to IICRC for processing. Once a person meets the qualifications, they are sent Certification credentials.

Certification:

Certification testing begins immediately following the course.

Note:

Separate application and cheque or credit card, payable to the IICRC in U.S. Funds, is required for certification. This must be paid to the instructor at exam time. Certification fee is \$50.00 U.S.

Cancellation Policy:

If Fibreclean needs to cancel the course, students will be given a full tuition refund. Fibreclean will not be held responsible for any cancellation fees for travel or accommodations. Student fees are non-refundable if cancelled by registrant.

**COMPLIMENTARY LUNCH PROVIDED
FEES INCLUDE MANUAL
