

FibreClean Presents IICRC Approved School Restoration College

Water Damage Restoration Technician November 22-24, 2010
Odor Control Technician November 25, 2010

Sponsored by:

COURSE LOCATION:

Fairfield Inn & Suites by Marriot, 1655 Powick Road
Kelowna, BC 250-763-2800
Mention FibreClean for reservations

Instructor: Pat Dooley

Pat Dooley has been involved in the Restoration industry for over 30 years, owning a restoration company with 8 locations throughout British Columbia, then as Director of Restoration Development and IICRC training for Stanley Steemer.

Pat has been involved in Catastrophic Loss Management for all hurricanes and major flooding in North America to date, including Florida's Hurricane Andrew in 1992, the 4 Florida hurricanes in 2004, and New Orleans' Hurricane Katrina in 2005.

Pat became a lead instructor for Dri-Eaz Products in 1999, writing and teaching the first Applied Structural Drying course offered. He then founded Restoration College, averaging 45 schools per year for restorers and insurance adjusters throughout Canada and the U.S. He is currently the only Canadian IICRC-approved restoration instructor with field experience.

As a Voluntary Committee Member of the IICRC, Pat participated rewriting the new S500 Water Damage Standards section on Large Loss Drying.

Today Pat continues to teach, write articles, manage catastrophic losses with his company, Drytech International, as well as providing expert witness testimony in legal disputes involving the restoration industry. He is a keynote speaker at many conferences including the Canadian Adjusters Association, and is a consultant and trainer to the Insurance industry.

IICRC APPROVED COURSES

IICRC owns no schools and produces no training materials. However, the IICRC does recognize established schools throughout the nation that meet specific standards of certification.

Anyone attending these schools has the option at the end of the course to take an IICRC Certification Examination.

That examination, along with proper application and fees, is forwarded to IICRC for processing. Once a person meets the qualifications, they are sent Certification credentials.

Certification:

Certification testing begins immediately following the course.

Note:

Separate application and cheque or credit card, payable to the IICRC in U.S. Funds, is required for certification. This must be paid to the instructor at exam time. Certification fee is \$50.00 U.S.

Cancellation Policy:

If Fibreclean needs to cancel the course, students will be given a full tuition refund. Fibreclean will not be held responsible for any cancellation fees for travel or accommodations. Student fees are non-refundable if cancelled by registrant.
